ADRIATIC EXCLUSIVE SALES

Price Reduction! | Immaculate Condition. | Immediate delivery.

Curves versus disjointed lines, softness versus aggression. Not only do opposites attract, but every now and then, in the right hands, they can also come together to create an extraordinary level of harmony. The Azimut 55 is the epitome of such a union. Arising from the desire to take a sporting style exterior with strong sleek lines and combine it with a calm, cocooning interior, the result is a perfect fusion of dynamism and serenity.

The sharp lines which characterise the craft's contours enable the fly to extend back to the extremity of the stern, maintaining a perfectly balanced silhouette. It also creates a second, unexpected living area, hidden away from the public gaze. Wide enough to accommodate facing sofas, it is the perfect spot for enjoying every magical moment out on the water.
